RESUME

# Hello, I'm Mark Montvai

helloimmark.com / mark.montvai@gmail.com

AUG 1990 - PRESENT

## EXPERIENCE

### Senior Product Designer at TicketSwap

The easiest and safest way to buy and sell second hand tickets trusted by 6 million users. Part of a small design team with big plans.

AUG 2021 - PRESENT

### Lead UX Designer at Woov

Festival app that helped visitors and organisers get the most out of events like Mysteryland, Defqon.1 and ADE. Lead UX Designer by day, whatever was needed by night. Reached a million users and a 4.9 review score in both app stores.

OCT 2017 - DEC 2019

### Designer / Front-end Developer for Destiny Trials Report

Side-project for the popular game "Destiny 2" that got a bit out of hand and has been used by 13 million users. I take care of everything but the backend.

AUG 2015 - PRESENT

### UX/UI Designer / Developer at Siteworkers

Small internet agency that mostly developed for the web. I worked on UX/UI design and frontend development.

AUG 2014 - MAY 2017

### Freelancing as Plafhop

My one-man company making me available for freelance projects, mostly website design and development. The company culture was amazing.

JAN 2013 - JUL 2021

## EDUCATION

### Communication and Media Design at University of Applied Sciences Utrecht

Study about all aspects of design, I focused on the User Experience part.
For a year I was the treasurer and member of the board for the study association.

2010 - 2014

### Computer Science at Utrecht University

Member of the Sports Committee of the study association for four years.

2007 - 2012
